SKILLS

TECHNICAL SKILLS:

Programming Language: HTML, CSS, JavaScript, Python, Java

Operating Systems: Windows

Tools and Software: VS Code, Git, MS Office

Framework: Basic knowledge of front-end frameworks (if applicable: React/Bootstrap)

Database: SQL (Relational database fundamentals)

Cloud (AWS Courses): Cloud Foundations, Data Engineering, Machine Learning Foundations, ML for NLP

Networking / NOS Skills: Basic networking concepts, client-server fundamentals, web server basics, NOS concepts

Security Skills: Basic understanding of cybersecurity concepts (password policies, access control, safe browsing practices)

SOFT SKILLS:

Communication, Time Management, Interpersonal Skills / Teamwork, Problem Solving, Adaptability.

PROJECTS

ACADEMIC PROJECTS:

Corexa (Online Gaming Shop)

(Java, HTML, CSS, JavaScript, SQL)

Built a Java-based web application using JSP, Servlets, Maven, and MySQL, featuring an intuitive and user-friendly interface, responsive design, secure database integration, and efficient business management functionalities.

Intemporelle (Watch Website)

(HTML, CSS, JavaScript)

Developed a watch showcase website with clean UI, product sections, and basic interactivity for smooth browsing.

Smart Parking System (IoT)

IoT (sensor-based concept)

Designed an IoT-based smart parking concept to detect slot availability and show real-time parking status for better parking management.

Gokyo Bistro Restaurant Management System

(Software Engineering)

Designed a restaurant management system using SDLC concepts and DFDs (Level 0/1/2) to represent key processes and data flow.

We Care Beauty Store

(Python)

Created a Python billing system to generate invoices, manage item entries, and calculate totals for cosmetic sales.

Gym Management System

(Java)

Developed a simple system to manage member records, track fees, and support basic reporting and manage gym plans and policies.

PERSONAL PROJECT:

Sashank Portfolio

(HTML, CSS, JavaScript)

Using HTML CSS AND JS I developed a personal website comprising all achievements and about my life.

CERTIFICATIONS:

AWS ACADEMY COURSES:

Data Engineering

Machine Learning Foundations

Machine Learning for Natural Language Processing

Cloud Foundations
